

# **Favorite Speeches**

**Charlestone Kim**

**CO210-07**

**Mrs. Kimberly Bunts**

## What is my most favorite speech in class.

My most favorite speeches that I learned in Mrs. bunts class where the Impromptu Speeches, and the Monologue talks. They were fun and acceptable learning experience that caused us to appreciate and learned numerous incredible things that our colleagues show to us. The hardest speeches that made me struggle the most made was the Impromptu speeches. Since we have to get ready on what information that our teacher will provide for us to discover in a short timetalk in five minutes and after that, our teacher will call us and we have to explain what information we found by talking in a minute in everyone on class. Monologue talks were my most favorite speeches in speech class since my classmates ask me if I can do mean girls with them and I said yes that will be fun. I enjoy this speech the most since we help each other and tell them what they should improve in there skills on doing speeches on there own in the future.
