

Reading Notes to fill out when reading course and outside reading materials for assignment

Note Taking Sheet: Reading # 2

ENCOURSE NAM _____ en202-01 _____ Course
 -01 _____ Section

With many sources to read and evaluate, you need a way to keep track of the material you may use in your research paper. You need to record where you have looked, what you have found, and how to find each piece of information again (this is for your bibliography).

Directions: Fill in the information below, and keep with all of your resources. This will help you when it is time to write both your outline, paper, and annotated bibliography.
