Proposal Presentation

By: Pauline Castro EN202-01 Ms. Kimberly Bunts-Anderson

APR

Primary Question:

> How does sleep deprivation affect college students?

Secondary Questions:

- What are the effects of lack of insufficient sleep on a student's academic performance?
- What causes sleep deprivation to occur? What are the other negative effects it has on the body?

Why I chose this topic?

Sleep deprivation has been a growing issue affecting many college students. It is something I would like to be addressed more frequently for it greatly has negative effects on students. I have experienced being in this situation as well and it worries me because when students lack sleep, their performance in school is what suffers.
