My favorite speech

My favorite speech about this course is the Monologue Speech.

A monologue is a kind of speech delivered by one person, or a long one-sided conversation from a story. In drama, it is the vocalization of a character's thoughts; in literature, the verbalization. It is traditionally a device used in theater, a speech to be given on stage. But nowadays, its use extends to film and television.

Why it became my favorite?

It is my favorite because we were able to be creative and enhance our communication skill.

Also, it is very fun thing to do.

I can say that it is somehow “unique & memorable” because we decided to do the monologue speech as a group and we are currently experiencing the COVID-19 pandemic and we weren't able to do it through physical contact so we end up filming it through zoom meeting.

How did we present it?

We did it through the zoom meeting. My group mates and I decided to collect some scripts from the movie, “Mean Girls” and performed the skit. Then, it enhance our creativity and thinking skills by editing the video and uploaded it on youtube.

Also, we were able to help each other to finish the whole presentation. Each one of us did a good role in cooperating and manage to finish it before the deadline.

Things I've learned:

- I was able to develop my communication and organizational skills
- I was able to act and deliver a script in front of the camera
- I was able to build my confidence
- I was able to build a teamwork with my classmates
